- Suitable for laser engraving

Suitable for laser-engraved sequential numbering

Please handle all knives with care
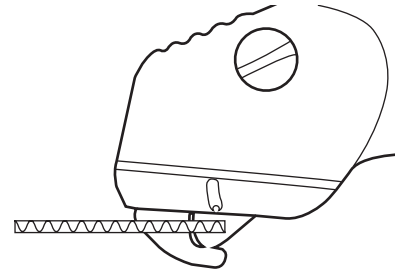

Colour:

Lanyard Loop

SK111 Hook Blade Applications:

Start with knife horizontal to material. Puncture with hook blade.

Push down until front face of knife is in full contact with material. At this point the Vari-Guard will be fully retracted, exposing straight blade.

Move knife along cutting line. As knife is removed from material, Vari-Guard will spring back into position, protecting user from any blade surface.

Blade Change

1. Turn button counter-clockwise until it pops up
2. Swing open top section
3. Reverse blades or replace with blades from storage pocket
4. Swing shut
5. Push button in and turn clockwise
